# THE FUN LASTS LONGER WHEN SAFETY IS IN THE DRIVER'S SEAT.

When you're the driver of a personal watercraft, you need to take the safety of your passengers personally.

As the "captain," you are not only responsible for adhering to the safety rules respecting personal watercraft use, but also for ensuring your passengers are wearing the appropriate protective equipment and riding gear.

First of all, you and your passengers are required to wear an approved personal flotation device (PFD) certified for use with a personal watercraft.

Also, a wetsuit and / or neoprene bottoms will provide adequate protection to the lower part of the body. You can suffer severe internal injuries if water is forced into a lower body cavity as a result of falling in the water or being near the jet thrust nozzle. Remember that normal swimwear cannot appropriately protect against forceful water entry.

Finally, extra protective equipment such as footwear, gloves and goggles is also recommended. **The fun lasts longer when safety is in the driver's seat.**

You can find all of these items at an authorized Sea-Doo dealer. As of March 2012, they will also be available online at [store.sea-doo.com](http://store.sea-doo.com)

**When riding a Sea-Doo PWC, prudent riders captain their fun  
by leading the way and being safety smart!**

For advertising purposes, some scenes depicted in this brochure include professional riders and operators executing under ideal and/or controlled conditions. Do not attempt any of these or any other risky maneuvers if they're beyond your level of riding ability, as well as your understanding and respect for the performance of your Sea-Doo watercraft or boat. RIDE SMART FROM THE START. Always ride responsibly and safely. Follow all instructional and safety materials, BRP recommends a minimum operator age of 16 years old for riding a watercraft. Always wear appropriate protective clothing for your type of boating use, including a Coast Guard approved personal flotation device. Always remember that riding and alcohol/drugs don't mix. Operate your craft keeping a safe distance between yourself and others. Always observe applicable local laws and regulations. Because of its ongoing commitment to product quality and innovation, BRP reserves the right, at any time, to discontinue or change specifications, prices, designs, features, models or equipment without incurring any obligations. # SIZING CHART

These charts show body measurements. Be sure to measure yourself to find the accurate size.

## HOW TO MEASURE

For best results, have someone else take measurements. Measure body in swimsuit or underwear. Tape must be snug but not tight. If measurements fall between two sizes, order the larger size.

## HEIGHT

Stand with back straight, without shoes; measure from the top of the head to the floor.

## CHEST

Measure under your arms, around the fullest part of your chest.

## WAIST

Measure around your natural waistline, keeping one finger between the tape and body.

## HIPS

Stand with legs together, measure around the fullest part of hips, ensuring the tape is level.

## PFDS

## NEW REAR SEAT BAG

A system composed of an outer shell and an inner bag that provides additional dry storage space when installed on a personal watercraft seat. The system takes a maximum of 1 passenger space on a 3-seater. The outer shell is a 26 L (6.9 US gallons) semi-rigid assembly of thermoformed panels. It is resistant to the PWC environment, while not watertight. It gives protection to items stored in it, allows water drainage and can easily be accessed and opened while sitting on the PWC. The inner bag is a removable watertight "roll-top" type dry-bag that fits the inside of the outer shell. The system is installed on the rear portion of the PWC seat and attached to the rear grab handle with an adjustable attachment system that allows installation on most BRP PWC models.

295100419 - All models 2009 and up  
■ Black

**\$229.99**

## NEW FRONT STORAGE TRAY

12 L (3.2 US gallons) capacity. Optimizes storage on PWC. Cargo handle included.

295100465 - 2012 RXP-X, 2011 GTI & GTS, 2012 GTR ■ Grey

**\$149.99**

## STORAGE TRAY

Front storage tray is complete with molded compartments for convenient storage of your watercraft safety kit, cooler and watertight foam insulated otter box. Also great for wallets, glasses and cell phones. Netting provides secure storage for towels, clothing and sandals. Comes with a practical integrated carry handle.

269501478 - GTX, RXT, except models with iS

**\$64.99**

## GLOVE BOX ORGANIZER

Kit includes glove box liner and semi-rigid splash-resistant, portable case. The liner cushions the inside of the glove box to provide insulation. The case fits perfectly in the glove box and is easily accessible when opening the glove box cover. This semi-rigid case is perfect for carrying and storing valuables, e.g. keys, cell phone, wallet, sunglasses.
